A MASTER PLASTERER AND MASTER TILER!

Visit us at www.cmpt.co.nz

The **Canterbury Registered Master Plasterers & Tilers Association** has represented the interests of its members, provided support and promoted the industry since 1905.

Why you should choose a Registered Master Plasterer or Tiler:

- For peace of mind - you are dealing with qualified and experienced trades people.
- We work to industry standards and promote industry and educational programmes that continue to raise the skill level.
- In the event of a workmanship problem or dispute, we will provide support and back up.
- We promote health and safety policies for growth and professional development within the industry.

You can be confident you are dealing with business people that take pride in delivering you the best outcome.

Canterbury Registered Master Plasterers & Tilers Association

What do we do?

- We provide industry promotion and support for registered plasterers and tilers.
- We monitor, respond and initiate action in respect of commercial contractual matters that may impact on the industry.
- We promote industry and educational programmes that will continue to raise the industry skill level.
- We add value to a wider society by providing full support and backup through fair and ethical business activities.
- In the event of a problem or dispute, the CMPTA are there to provide support to the member and the client.

Not all Plasters and Tilers meet the strict criteria to become a Registered Ceramic Wall and Floor Tiler or Registered Plasterer.

Questions to ask your Plasterer

- Are you a member of the Canterbury Registered Master Plasterers & Tilers Association?
- Do you provide a materials and workmanship warranty?
- Do you provide a producer statement on completion of the job?
- What does your quote include? (eg. set up costs, masking, scaffolding etc.)
- Are you able to provide referral details of satisfied customers?

Questions to ask your Tiler

- Are you a member of the Canterbury Registered Master Plasterers & Tilers Association?
- Do you provide a guarantee?
- What does your quote include? (eg. waterproofing, supply of materials etc.)
- Is your charge out rate hourly or based on square metres?
- What percentage waste have you allowed?
- Are you able to provide referral details of satisfied customers?
